INDUSTRY EXPERIENCE

During the year, prices of natural and synthetic rubber witnessed a sharp increase after declining for two consecutive years.

Industry faced competition from tyre manufacturers engaged in retreading and also from import of cheap tyres from China. Tyre import has come down significantly after demonetisation. There has been overall shrinkage in the market size of the retreading industry.

OPPORTUNITIES AND THREATS

The implementation of GST during first quarter of financial year 2017-2018 is anticipated to improve performance of organized retreading sector. GST would hit unorganized retreading sector, who are able to take benefit in the current scenario, which would not be possible under the GST regime.

Underscoring a major need for skill training in tyre sector and rubber technology, the Government proposes to set up a national institute which would help the industry in employing skilled people.

Government is taking every possible initiative to boost the infrastructure sector, urban development and implementation of National Highway Building project in different phases. All these initiatives would revive the transport industry which will bring growth in coming years.

However, cheap Chinese tyres will continue to be a threat to retreading industry, unless anti-dumping duty is levied.

RISK AND AREA OF CONCERN

The company has laid down a well defined risk management mechanism covering the risk mapping and trend analysis, risk exposure, potential impact and risk mitigation process. A detailed exercise is being carried out to identify, evaluate, manage and monitor various risks. The Audit Committee and the Board periodically review the risks and suggest steps to be taken to manage/ mitigate the same through a properly defined framework.

During the year, a risk analysis and assessment was conducted and no major risks were noticed, which may threaten the existence of the company.

INDEPENDENT AUDITOR'S REPORT

To the Members of Indag Rubber Limited

Report on the Financial Statements

We have audited the accompanying standalone financial statements of Indag Rubber Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2017, the Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the Companies (Accounting Standards) Amendment Rules, 2016. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial control that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder. We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at March 31, 2017, its profit, and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's report) Order, 2016("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure 1 a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - (b) In our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the Companies (Accounting Standards) Amendment Rules, 2016;
 - (e) On the basis of written representations received from the directors as on March 31, 2017, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2017, from being appointed as a director in terms of section 164 (2) of the Act;
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this report;
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 29 to the standalone financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company
 - iv. The Company has provided requisite disclosures in Note 38 to these standalone financial statements as to the holding of Specified Bank Notes on November 8, 2016 and December 30, 2016 as well as dealings in Specified Bank Notes during the period from November 8, 2016 to December 30, 2016. Based on our enquiries, test check of the books of account and other details maintained by the Company and relying on the management representation regarding the holding and nature of cash transactions, including Specified Bank Notes, we report that these disclosures are in accordance with the books of accounts maintained by the Company.

Annexure 1 referred to in paragraph 'Report on Other Legal and Regulatory Requirements' of our report of even date Re: Indag Rubber Limited ('the Company')

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets..
- (b) All fixed assets have not been physically verified by the management during the year but there is a regular programme of verification which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
- (c) Based on our audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to information and explanations given by the management, the title deeds of immovable properties are held in the name of the Company.
- (ii) The management has conducted physical verification of inventory at reasonable intervals during the year and no material discrepancies were noticed on such physical verification.
- (iii) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Companies Act, 2013. Accordingly, the provisions of clause 3(iii)(a), (b) and (c) of the Order are not applicable to the Company and hence not commented upon.
- (iv) In our opinion and according to the information and explanations given to us, there are no loans, guarantees, and securities granted in respect of which provisions of Section 185 and 186 of the Companies Act 2013 are applicable and hence not commented upon. Based on our audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to information and explanations given by the management, the Company has complied with provisions of Section 186 of the Companies Act 2013 in respect of investments made during the year.
- (v) The Company has not accepted any deposits from the public.
- (vi) We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under Section 148(1) of the Companies Act, 2013, related to the manufacture of products, and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the same.
- (vii) (a) The Company is generally regular in depositing with appropriate authorities undisputed statutory dues including provident fund, employees' state insurance, income-tax, sales-tax, wealth-tax, service tax, customs duty, excise duty, value added tax, cess and other material statutory dues applicable to it.

ANNEXURE 2 TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF INDAG RUBBER LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

To the Members of Indag Rubber Limited

We have audited the internal financial controls over financial reporting of Indag Rubber Limited ("the Company") as of March 31, 2017 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not

be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Explanatory paragraph

We also have audited, in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act, the financial statements of Company, which comprise the Balance Sheet as at March 31, 2017, and the related Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information, and our report dated May 04, 2017 expressed an unqualified opinion thereon.

Notes to financial statements for the year ended 31 March 2017

1 Corporate information

Indag Rubber Limited (hereinafter referred to as 'the Company') is a public company domiciled in India. Its shares are listed on Bombay stock exchange. The Company is engaged in the manufacturing and selling of Precured Tread Rubber and allied products.

2 Basis of preparation

The financial statements of the Company have been prepared in accordance with the generally accepted accounting principles in India (Indian GAAP). The Company has prepared these financial statements to comply in all material respects with the accounting standards notified under Section 133 of the Companies Act, 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 and Companies (Accounting Standards) Amendment Rules, 2016. The financial statements have been prepared under the historical cost convention on an accrual basis.

The accounting policies adopted in the preparation of financial statements are consistent with those used in previous year, except for the change in accounting policy explained below.

2.1 Summary of significant accounting policies

Change in accounting policy

Pre-revised AS 10 required that stand-by and servicing equipment should normally be capitalized as plant, property and equipment. It required that machinery spares are usually treated as inventory and charged to profit or loss on consumption. However, spares parts that can be only used in connection with a particular item of plant, property and equipment, and whose use is expected to be irregular, are capitalized. Such spare parts are depreciated over a period, not exceeding the remaining useful life of the principal asset.

According to AS 10 (R), all spare parts, stand-by and servicing equipment qualify as plant, property and equipment (PPE) if they meet the definition of PPE i.e. if the Company intends to use these during more than a period of 12 months. The spare parts capitalized in this manner are depreciated as per AS 10 (R)

The Company has changed its accounting policy of plant, property and equipment to comply with AS 10 (R). The Company has applied transitional provisions, which requires previously recognized stores and spares as inventory should be capitalized as a PPE at its carrying amount and depreciated prospectively over its remaining useful life. However, this change has no material impact on the profit for the year.

a) Use of estimates

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting year. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future years.

b) Property, Plant and Equipment

Property, plant and equipment, capital work in progress are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price, borrowing costs if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent expenditure related to an item of property, plant and equipment is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing plant, property and equipment, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the year during which such expenses are incurred.

Items of stores and spares that meet the definition of property, plant and equipment are capitalized at cost and depreciated over their useful life. Otherwise, such items are classified as inventories

Gains or losses arising from derecognition of property, plant and equipment are measured as the difference

between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

c) Depreciation on property, plant and equipment

Leasehold land is amortized on a straight line basis over the period of lease i.e., 95/99 years.

Depreciation on property, plant and equipment including stores and spares transferred from inventory is calculated on a straight-line basis using the rates arrived at, based on the useful lives estimated by the management, which are equal to the useful lives prescribed under Schedule II to the Companies Act, 2013.

Depreciation on the amount of adjustment to property, plant and equipment on account of capitalisation of insurance spares and critical spares transferred from stores and spares is provided over the remaining useful lives of related assets.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

d) Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in the statement of profit and loss in the year in which the expenditure is incurred.

Costs relating to software, software licenses and website development, which are acquired, are capitalized and amortized on a straight-line basis over their four year useful lives or actual period of license, whichever is lower.

e) Leases

Where the Company is lessee

Leases, where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the statement of profit and loss on a straight-line basis over the lease term.

f) Borrowing costs

Borrowing cost includes interest and amortization of ancillary costs incurred in connection with the arrangement of borrowings.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the year they occur.

g) Impairment of tangible and intangible assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) net selling price and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.

The Company bases its impairment calculation on detailed budgets and forecast calculations which are prepared separately for each of the Company's cash-generating units to which the individual assets are allocated. These budgets and forecast calculations are generally covering a year of five years. For longer years, a long term growth rate is calculated and applied to project future cash flows after the fifth year.

Impairment losses, including impairment on inventories, are recognized in the statement of profit and loss. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

h) Investments

Investments, which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long term investments.

On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties. If an investment is acquired, or partly acquired, by the issue of shares or other securities, the acquisition cost is the fair value of the securities issued. If an investment is acquired in exchange for another asset, the acquisition is determined by reference to the fair value of the asset given up or by reference to the fair value of the investment acquired, whichever is more clearly evident.

Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis. Long - term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

i) Inventories

Inventories are valued as follows:

Raw materials, stores and spares and packing materials

Lower of cost and net realizable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated, are expected to be sold at or above cost. Cost is determined on moving weighted average method.

Work in progress and finished goods (own manufactured)

Lower of cost and net realizable value. Cost includes direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity. Cost of finished goods includes excise duty. Cost is determined on monthly moving weighted average basis.

Traded goods

Lower of cost and net realizable value. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on moving weighted average basis.

Net realisable value is the estimated selling price in the ordinary course of business less estimated cost of completion and estimated costs necessary to make the sale.

j) Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognized:

Sale of goods

Revenue from sale of goods is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer, usually on delivery of the goods. The Company collects sales taxes and value added taxes (VAT) on behalf of the government and, therefore, these are not economic benefits flowing to the Company. Hence, they are excluded from revenue. Excise duty deducted from revenue (gross) is the amount that is included in the revenue (gross) and not the entire amount of liability arising during the year.

Sale of services (Income from services)

Revenue from sale of services is recognized as and when the services are rendered.

Interest

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head "other income" in the statement of profit and loss.

Export Benefits

Export entitlements in the form of Duty Drawback Scheme, Focus Product Scheme and Merchandise Export from India are recognized in the statement of profit and loss when the right to receive credit as per the terms of the scheme is established in respect of exports made and when there is no significant uncertainty regarding the ultimate collection of the relevant export proceeds.

Dividends

Dividend income is recognized when the Company's right to receive dividend is established by the reporting date.

k) Foreign currency translation

Initial Recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Conversion

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

Exchange differences

Exchange differences arising on the settlement of monetary items, or on reporting such monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognized as income or as expenses in the year in which they arise.

l) Retirement and other employee benefits

- (i) Retirement benefits in the form of provident fund (where contributed to the Regional PF Commissioner) is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expenditure, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre payment will lead to, for example, a reduction in future payment or a cash refund.

Retirement benefits in the form of provident fund contributed to the Trust set up by the employer is a defined benefit scheme and is provided for on the basis of actuarial valuation of projected unit credit method made at the end of each financial year. The difference between the actuarial valuation of the provident fund of employees at the year end and the balance of own managed funds is provided for as liability in the books by the Company.

- (ii) Gratuity liability under the Payment of Gratuity Act is a defined benefit obligation and is provided for on the basis of an actuarial valuation on projected unit credit method made at the end of each financial year. The

gratuity plan has been funded by policy taken from Life Insurance Corporation of India. Actuarial gains and losses for defined benefit plan are recognized in full in the year in which they occur in the statement of profit and loss.

- (iii) Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.
- (iv) The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Actuarial gains/losses are immediately taken to the statement of profit and loss and are not deferred. The Company presents the entire leave as a current liability in the balance sheet, since it does not have an unconditional right to defer its settlement for 12 months after the reporting date.

m) Income taxes

Tax expense comprises of current tax and deferred tax. Current income tax is measured at the amount expected to be paid to the income tax authorities in accordance with the Income-tax Act, 1961 enacted in India and tax laws prevailing in the respective tax jurisdictions where the Company operates. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date.

Deferred tax liabilities are recognized for all taxable timing differences. Deferred tax assets are recognized for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the Company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that such deferred tax assets can be realized against future taxable profits.

At each reporting date, the Company re-assesses unrecognized deferred tax assets. It recognizes unrecognized deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized.

The carrying amount of deferred tax assets are reviewed at each reporting date. The Company writes-down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

n) Segment reporting

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole.

o) Earnings per equity share

Basic earning per equity share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of shares outstanding during the year is adjusted for share split that have changed the number of equity shares outstanding without a corresponding change in resources.

For the purpose of calculating diluted earnings per equity share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

p) Provisions

A provision is recognized when the Company has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a

reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

q) Cash and cash equivalents

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.

r) Government grants and subsidies

Grants and subsidies from the government are recognized when there is reasonable assurance that (i) the Company will comply with the conditions attached to them, and (ii) the grant/subsidy will be received.

When the grant or subsidy relates to revenue, it is recognized as income on a systematic basis in the statement of profit and loss over the years necessary to match them with the related costs, which they are intended to compensate. Where the grant or subsidy relates to an asset, its value is deducted in arriving at the carrying amount of the related asset.

Government grants of the nature of promoters' contribution are credited to capital reserve and treated as a part of the shareholders' funds.

s) Contingent Liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

	31 March 2017 (Rs. in lacs)	31 March 2016 (Rs. in lacs)
a) The Company is under litigation with the revenue authorities regarding an expenditure claimed by the Company arising out of an arbitration award. As per the Company, the expenditure should be allowed to them in the year the arbitrator has passed the award. The department is of the view that the liability is not accrued till the award becomes a rule of court and has therefore disallowed the expenditure in the AY 1998-99 (the year in which the Company claimed the expenditure). During the financial year 2006-2007, the Company has received a demand notice from Income tax authorities pursuant to the order by Income Tax Appellate Tribunal, Delhi. The Company is presently in appeal before the Hon'ble High Court. The Company has deposited Rs. 20.00 lacs against the above demand which is included in the 'Advance Tax' under note no. 10.	159.15*	159.15*

The Company had obtained a stay of the Himachal Pradesh Government order levying entry tax @ 2% on all goods entering the state with effect from 24th January, 2011. The same has been reduced to 1% w.e.f. July 13, 2011 and again increased to 2% w.e.f. March 01, 2014 and again reduced to 1% from 01 September, 2016. The Hon'ble High Court, Himachal Pradesh while staying the levy in an interim order, directed the Company to deposit 1/3rd of the assessed amount as "deposit" with the state government and furnish a bank guarantee for the balance 2/3rd amount to them. Since the cash payment as per court order is in the nature of deposits, no amount has been expensed off in the financial statements as entry tax. However, the cash (w.e.f. Jan 16 the ratio of deposit & bank guarantee has been changed to 50:50) deposited so far is Rs.437.46 lacs (previous year Rs.343.84 lacs) and bank guarantee furnished is for an amount of Rs.770.57 lacs (previous year Rs. 702.99 lacs).

While Hon'ble Supreme Court has upheld the constitutional validity of Entry Tax in their judgment dated 11th November, 2016, the issue of discrimination under Article 304(a) and scope of local area is left to be determined by respective High Courts. The Company has filed a fresh writ before Hon'ble High Court, Shimla on 7th April, 2017 and got a notice issued that the department will maintain status quo.

* Based on the discussions with the solicitor/ expert opinions taken/status of the case, the management believes that the Company has strong chances of success in above mentioned cases and hence no provision there against is considered necessary at this point in time.

** Based on future sales plan, the management is quite hopeful to meet the obligations by executing the required volume of sales in future.

30. Leases

Operating Lease

The Company has taken offices, guest house, residence and warehouse premises under operating lease agreements. There are no purchase options in the lease agreements. There is an escalation clause in some of the lease agreements. There are no restrictions imposed by lease arrangements. There are no subleases. The agreements are generally cancelable at the mutual consent of both the lessor and the lessee.

33. Gratuity and other post employment benefit plans

The Company has a defined benefit gratuity plan. Every employee who has completed five years or more of service gets a gratuity on departure at 15 days salary (last drawn salary) for each completed year of service or part thereof in excess of six months. The scheme is funded with an insurance company in the form of a qualifying insurance policy.

The following tables summarise the components of net benefit expense recognized in the statement of profit and loss and the funded status and amounts recognized in the balance sheet for the gratuity plan.

Statement of profit and loss

Net employee benefit expense recognized in employee cost:

	31 March 2017 (Rs. in lacs)	31 March 2016 (Rs. in lacs)

Experience adjustment on plan assets – (loss) / gain	(1.96)	2.03	(0.78)	(0.01)	(7.84)

The Company expects to contribute Rs. 32.67 lacs (previous year Rs. 27.38 lacs) to gratuity fund during the next year.

Provident Fund

The provident fund of few employees is being administered by a provident fund trust. The provident fund being administered by this Trust is a defined benefit scheme whereby the Company deposits an amount determined as a

fixed percentage of basic pay to the fund every month. The benefit vests upon commencement of employment. The interest credited to the accounts of the employees is adjusted on an annual basis to conform to the interest rate declared by the government for the Employees Provident Fund. The Guidance Note on implementing AS-15, Employee Benefits (Revised 2005) issued by the Accounting Standard Board (ASB) states that provident funds set up by employers, which requires interest shortfall to be met by the employer, needs to be treated as defined benefit plan. The Actuarial Society of India has issued the final guidance for measurement of provident fund liabilities. The actuary has accordingly provided a valuation and based on the below provided assumptions, there is no shortfall as at 31st March 2017

The principal assumptions used in determining provident fund obligations for the Company's plans are shown below:

	31 March 2017 (%)	31 March 2016 (%)

INDEPENDENT AUDITOR'S REPORT

To the Members of Indag Rubber Limited

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of Indag Rubber Limited (hereinafter referred to as "the Holding Company"), its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), comprising of the consolidated Balance Sheet as at March 31, 2017, the consolidated Statement of Profit and Loss and consolidated Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirement of the Companies Act, 2013 ("the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 and Companies (Accounting Standards) Amendment Rules, 2016. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder. We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements. We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in paragraph (a) of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us and based on the

consideration of reports of other auditors on separate financial statements and on the other financial information of the subsidiaries, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the consolidated state of affairs of the Group, as at March 31, 2017, their consolidated profit, and their consolidated cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

As required by Section 143 (3) of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements and the other financial information of subsidiaries, as noted in the 'other matter' paragraph we report, to the extent applicable, that:

- (a) We /the other auditors whose reports we have relied upon have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements;
- (b) In our opinion proper books of account as required by law relating to preparation of the aforesaid consolidation of the financial statements have been kept so far as it appears from our examination of those books and reports of the other auditors;
- (c) The consolidated Balance Sheet, consolidated Statement of Profit and Loss, and consolidated Cash Flow Statement dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the consolidated financial statements;
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 and Companies (Accounting Standards) Amendment Rules, 2016;
- (e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2017 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors who are appointed under Section 139 of the Act, of its subsidiary companies, incorporated in India, none of the directors of the Group's companies, incorporated in India is disqualified as on March 31, 2017 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy and the operating effectiveness of the internal financial controls over financial reporting of the Holding Company and its subsidiary companies incorporated in India, refer to our separate report in "Annexure 1" to this report;
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The consolidated financial statements disclose the impact of pending litigations on its consolidated financial position of the Group, Refer Note 33 to the consolidated financial statements;
 - ii. The Group did not have any material foreseeable losses in long-term contracts including derivative contracts during the year ended March 31, 2017.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company and its subsidiaries incorporated in India during the year ended March 31, 2017.
 - iv. The Holding Company and its subsidiaries, incorporated in India, have provided requisite disclosures in Note 40 to these consolidated financial statements as to the holding of Specified Bank Notes on November 8, 2016 and December 30, 2016 as well as dealings in Specified Bank Notes during the period from November 8, 2016 to December 30, 2016. Based on our enquiries, test check of the books of account and other details maintained by the Holding Company and relying on the management representation of the Holding Company regarding the holding and nature of cash transactions, including Specified Bank Notes, we report that these disclosures are in accordance with the books of accounts maintained by the Group.

Other Matter

- (a) We did not audit the financial statements and other financial information, in respect of two subsidiaries, whose financial statements include total assets of Rs 2,176.36 lacs and net assets of Rs 334.37 lacs as at March 31, 2017, and total revenues of Rs 145.40 lacs and net cash (inflows) of Rs 162.66 lacs for the year ended on that date. These financial statement and other financial information have been audited by other auditors, which financial statements, other financial information and auditor's reports have been furnished to us by the management. Our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of this subsidiary and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, is based solely on the report(s) of such other auditors.

Our opinion above on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements above, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements and other financial information certified by the Management.

ANNEXURE TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF INDAG RUBBER LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of Indag Rubber Limited as of and for the year ended March 31, 2017, we have audited the internal financial controls over financial reporting of Indag Rubber Limited (hereinafter referred to as the "Holding Company") and its subsidiary companies, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the of the Holding Company and its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, both, issued by Institute of Chartered Accountants of India, and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not

be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its subsidiary companies, which are companies incorporated in India, have, maintained in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting of the Holding Company, insofar as it relates to these two subsidiary companies, which are companies incorporated in India, is based on the corresponding reports of the auditors of such subsidiary companies incorporated in India.

Notes to Consolidated financial statements for the year ended 31 March 2017

1 Corporate information

Indag Rubber Limited (hereinafter referred to as 'the Parent Company') is a public Company domiciled in India. Its shares are listed on Bombay stock exchange. The Parent Company has during the year, invested funds in the equity share capital of a subsidiary who in turn invested the funds in the equity share capital of its subsidiary. The Parent Company is engaged in the manufacturing and selling of Precured Tread Rubber and allied products. The subsidiary, along with step down subsidiary company is engaged in the business of enhancing knowledge and skills of solar technologies in India, specially the expertise in solar park development and to carry on the business of generating power supply through clean energy sub-sectors e.g., solar energy, biomass, wind, and energy efficiency projects and/or any other means, distribute, supply and sell such power either directly or through facilities or Central/State Governments or private companies or Electricity Boards to industries and to Central/State Governments. The Parent Company and its subsidiaries are herinafter referred to as "the Group".

2 Basis of preparation

The financial statements of the Group have been prepared in accordance with the generally accepted accounting principles in India (Indian GAAP). The Group has prepared these financial statements to comply in all material respects with the accounting standards notified under Section 133 of the Companies Act, 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 and Companies (Accounting Standards) Amendment Rules, 2016. The financial statements have been prepared under the historical cost convention on an accrual basis. Previous Year's figures are not given since this is the first year of consolidation.

2.1 Summary of significant accounting policies

a) Principles of Consolidation

The Consolidated Financial Statements relate to the Group and have been accounted for in accordance with Accounting Standard 21- Consolidated Financial Statements of the Companies Accounting Standards (Rules), 2006 (as amended). The Consolidated Financial Statements are prepared on the following basis-

- i) Subsidiary companies are consolidated on a line-by-line basis by adding together the book values of the like items of assets, liabilities, income and expenses after eliminating all significant intra-group balances and intra-group transactions and also unrealized profits or losses, except where cost cannot be recovered. The results of operations of a subsidiary are included in the consolidated financial statements from the date on which the parent subsidiary relationship came into existence.
- ii) The difference between the cost to the Group of investment in Subsidiaries and the proportionate share in the equity of the investee Company as at the date of acquisition of stake is recognized in the consolidated financial statements as Goodwill or Capital Reserve, as the case may be. Goodwill arising on consolidation is tested for impairment annually.
- iii) Minorities' interest in net profits of consolidated subsidiaries for the year is identified and adjusted against the income in order to arrive at the net income attributable to the majority shareholders of the Group. Their share of net assets is identified and presented in the Consolidated Balance Sheet separately. Where accumulated losses attributable to the minorities are in excess of their equity, in the absence of the contractual obligation on the minorities, the same is accounted for by the Parent Company.
- iv) As far as possible, the consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented, to the extent possible, in the same manner as the Company's standalone financial statements. Differences in accounting policies are disclosed separately.
- v) The financial statements of the entities used for the purpose of consolidation are drawn up to same reporting date as that of the Group i.e. year ended March 31, 2017.
- vi) As per Accounting Standard 21, Consolidated Financial Statements, only the notes involving items which are material need to be disclosed. Materiality for this purpose is assessed in relation to the information contained in the consolidated financial statements. Further, additional statutory information disclosed in separate financial statements of the subsidiary and/or a parent having no bearing on the true and fair view of the consolidated financial statements need not be disclosed in the consolidated financial statements.

b) Use of estimates

The preparation of financial statements in conformity with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting year. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future years.

c) Property, Plant and Equipment

Property, plant and equipment, capital work in progress are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price, borrowing costs if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent expenditure related to an item of property, plant and equipment is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing plant, property and equipment, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for theyear during which such expenses are incurred.

Items of stores and spares that meet the definition of property, plant and equipment are capitalized at cost and depreciated over their useful life. Otherwise, such items are classified as inventories

Gains or losses arising from derecognition of property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

d) Depreciation on property, plant and equipment

Depreciation by the Parent Company on fixed assets :

- i. Leasehold land is amortized on a straight line basis over the period of lease i.e., 95/99 years.
- ii. Depreciation on property, plant and equipment including stores and spares transferred from inventory is calculated on a straight-line basis using the rates arrived at, based on the useful lives estimated by the management, which are equal to the useful lives prescribed under Schedule II to the Companies Act, 2013.
- iii. Depreciation on the amount of adjustment to property, plant and equipment on account of capitalisation of insurance spares and critical spares transferred from stores and spares is provided over the remaining useful lives of related assets.

Depreciation by the step down subsidiary on fixed assets :

Depreciation by the step down subsidiary on Fixed Assets is provided to the extent of depreciable amount on the Straight Line Value Method. Depreciation rate is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013, except in respect of the following assets, where useful life is either not given or different than those prescribed in Schedule II are used:

Type of Asset	Useful Life
Plant & Machinery- 3 MW	
- Inverter	10 years
- Modules & Accessories	25 years
- Monitoring System	25 years
- Civil Work	25 years
- AC & DC Electric Work	25 years
- Evacuation/Transmission Lines	25 years
Office Equipments	
- Refrigerators	3 years

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

e) Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in the statement of profit and loss in the year in which the expenditure is incurred.

Costs relating to software, software licenses and website development, which are acquired, are capitalized and amortized on a straight-line basis over their four year useful lives or actual period of license, whichever is lower.

f) Leases

Where the Group is lessee

Leases, where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognized as an expense in the statement of profit and loss on a straight-line basis over the lease term.

g) Borrowing costs

Borrowing cost includes interest and amortization of ancillary costs incurred in connection with the arrangement of borrowings.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the year they occur. In case of significant long term loans, the ancillary costs incurred in connection with the arrangement of borrowings are amortized over the period of respective loans.

h) Impairment of tangible and intangible assets

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) net selling price and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.

The Group bases its impairment calculation on detailed budgets and forecast calculations which are prepared separately for each of the Group's cash-generating units to which the individual assets are allocated. These budgets and forecast calculations are generally covering a year of five years. For longer years, a long term growth rate is calculated and applied to project future cash flows after the fifth year.

Impairment losses, including impairment on inventories, are recognized in the statement of profit and loss.

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

i) Goodwill on Consolidation

Goodwill represents the difference between the Group's share in the net worth of the investee companies and the cost of acquisition at each point of time of making the investment. For this purpose, the Group's share of equity in the investee companies are determined on the basis of the latest financial statements of the respective companies available as on the date of acquisition, after making necessary adjustments for material events between the date of such financial statements and the date of respective acquisition. Goodwill is not amortized but tested for impairment annually, if impairment is indicated, a write-down to fair value (normally measured by discounting estimated future cash flows) is recorded.

j) Investments

Investments, which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long term investments.

On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties. If an investment is acquired, or partly acquired, by the issue of shares or other securities, the acquisition cost is the fair value of the securities issued. If an investment is acquired in exchange for another asset, the acquisition is determined by reference to the fair value of the asset given up or by reference to the fair value of the investment acquired, whichever is more clearly evident.

Current investments are carried in the financial statements at lower of cost and fair value determined on an individual investment basis. Long - term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

j) Inventories

Inventories are valued as follows:

Raw materials, stores and spares and packing materials

Lower of cost and net realizable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated, are expected to be sold at or above cost. Cost is determined on moving weighted average method.

Work in progress and finished goods (own manufactured)

Lower of cost and net realizable value. Cost includes direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity. Cost of finished goods includes excise duty. Cost is determined on monthly moving weighted average basis.

Traded goods

Lower of cost and net realizable value. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on moving weighted average basis.

Net realisable value is the estimated selling price in the ordinary course of business less estimated cost of completion and estimated costs necessary to make the sale.

k) Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognized:

Sale of goods

Revenue from sale of goods is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer, usually on delivery of the goods. The Group collects sales taxes and value added taxes (VAT) on behalf of the government and, therefore, these are not economic benefits flowing to the Group. Hence, they are excluded from revenue. Excise duty deducted from revenue (gross) is the amount that is included in the revenue (gross) and not the entire amount of liability arising during the year.

Sale of services (Income from services)

Revenue from sale of services is recognized as and when the services are rendered, based on agreements/arrangements with the concerned customers. The subsidiary recognizes unbilled revenue to the extent not billed at the year end.

Interest

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head "other income" in the statement of profit and loss.

Export Benefits

Export entitlements in the form of Duty Drawback Scheme, Focus Product Scheme and Merchandise Export from India are recognized in the statement of profit and loss when the right to receive credit as per the terms of the scheme is established in respect of exports made and when there is no significant uncertainty regarding the ultimate collection of the relevant export proceeds.

Dividends

Dividend income is recognized when the Group's right to receive dividend is established by the reporting date.

l) Foreign currency translation

Initial Recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Conversion

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

Exchange differences

Exchange differences arising on long-term foreign currency monetary items related to acquisition of a fixed asset are capitalized and depreciated over the remaining useful life of the asset. The exchange differences on other foreign currency monetary items are accumulated in 'Foreign Currency Monetary Item Translation Difference Account' and amortized over the remaining life of the concerned monetary item. Exchange differences arising on the settlement of monetary items, or on reporting such monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognized as income or as expenses in the year in which they arise.

m) Retirement and other employee benefits

- (i) Retirement benefits in the form of provident fund (where contributed to the Regional PF Commissioner) is a defined contribution scheme. The Parent Company has no obligation, other than the contribution payable to the provident fund. The Parent Company recognizes contribution payable to the provident fund scheme as an expenditure, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre payment will lead to, for example, a reduction in future payment or a cash refund.

Retirement benefits in the form of provident fund contributed to the Trust set up by the employer is a defined benefit scheme and is provided for on the basis of actuarial valuation of projected unit credit method made at the end of each financial year. The difference between the actuarial valuation of the provident fund of employees at the year end and the balance of own managed funds is provided for as liability in the books by the Parent Company.

- (ii) Gratuity liability under the Payment of Gratuity Act is a defined benefit obligation and is provided for on the basis of an actuarial valuation on projected unit credit method made at the end of each financial year. The gratuity plan has been funded by policy taken from Life Insurance Corporation of India. Actuarial gains

and losses for defined benefit plan are recognized in full in the year in which they occur in the statement of profit and loss.

- (iii) Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Parent Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.
- (iv) The Parent Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Actuarial gains/losses are immediately taken to the statement of profit and loss and are not deferred. The Parent Company presents the entire leave as a current liability in the balance sheet, since it does not have an unconditional right to defer its settlement for 12 months after the reporting date.

n) **Income taxes**

Tax expense comprises of current tax and deferred tax. Current income tax is measured at the amount expected to be paid to the income tax authorities in accordance with the Income-tax Act, 1961 enacted in India and tax laws prevailing in the respective tax jurisdictions where the Group operates. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date.

Deferred tax liabilities are recognized for all taxable timing differences. Deferred tax assets are recognized for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. In situations where the Group has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that such deferred tax assets can be realized against future taxable profits.

At each reporting date, the Group re-assesses unrecognized deferred tax assets. It recognizes unrecognized deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized.

The carrying amount of deferred tax assets are reviewed at each reporting date. The Group writes-down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

In the situations where the Group is entitled to a tax holiday under the Income-tax Act, 1961 enacted in India or tax laws prevailing in the respective tax jurisdictions where it operates, no deferred tax (asset or liability) is recognized in respect of timing differences which reverse during the tax holiday period, to the extent the company's gross total income is subject to the deduction during the tax holiday period. Deferred tax in respect of timing differences which reverse after the tax holiday period is recognized in the year in which the timing differences originate. However, the Group restricts recognition of deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized. For recognition of deferred taxes, the timing differences which originate first are considered to reverse first.

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The step down subsidiary recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the step down subsidiary will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the step down subsidiary recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The step down subsidiary reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the step down subsidiary does not have convincing evidence that it will pay normal tax during the specified period.

o) Segment reporting

Identification of segments

The Group's operating businesses are organized and managed separately according to the nature of products manufactured and services provided, with each segment representing a strategic business unit that offers different products and serves different markets. The analysis of geographical segments is based on the locations of customers.

Unallocated items

Unallocated items include general corporate income and expense items which are not allocated to any business segment.

Segment accounting policies

The Group prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Group as a whole.

p) Earnings per equity share

Basic earning per equity share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of shares outstanding during the year is adjusted for share split that have changed the number of equity shares outstanding without a corresponding change in resources.

For the purpose of calculating diluted earnings per equity share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

q) Provisions

A provision is recognized when the Group has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

r) Cash and cash equivalents

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.

s) Government grants and subsidies

Grants and subsidies from the government are recognized when there is reasonable assurance that (i) the Group will comply with the conditions attached to them, and (ii) the grant/subsidy will be received.

When the grant or subsidy relates to revenue, it is recognized as income on a systematic basis in the statement of profit and loss over the years necessary to match them with the related costs, which they are intended to compensate. Where the grant or subsidy relates to an asset, its value is deducted in arriving at the carrying amount of the related asset.

Government grants of the nature of promoters' contribution are credited to capital reserve and treated as a part of the shareholders' funds.

t) Contingent Liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Group does not recognize a contingent liability but discloses its existence in the financial statements.

33. Contingent liabilities (not provided for) in respect of :

		31 March 2017 (Rs. in lacs)
a)	The Parent Company is under litigation with the revenue authorities regarding an expenditure claimed by the Company arising out of an arbitration award. As per the Parent Company, the expenditure should be allowed to them in the year the arbitrator has passed the award. The department is of the view that the liability is not accrued till the award becomes a rule of court and has therefore disallowed the expenditure in the AY 1998-99 (the year in which the Company claimed the expenditure). During the financial year 2006-2007, the Parent Company has received a demand notice from Income tax authorities pursuant to the order by Income Tax Appellate Tribunal, Delhi. The Parent Company is presently in appeal before the Hon'ble High Court. The Company has deposited Rs. 20.00 lacs against the above demand which is included in the 'Advance Tax' under note no. 10.	159.15*
b)	Pending labour cases (i) in case of one employee (ii) in case of others	5.31* Liability not ascertainable
c)	Demand raised by the Excise Authorities, being disputed by the Parent Company.	6.90*
d)	Demand raised by the Sales Tax Authorities, being disputed by the Parent Company.	27.13*
e)	Entry tax demand being disputed by the Parent Company (excluding the amount of interest and penalty, if any, which can't be determined at this stage) #	1,227.15*
f)	Differential amount of custom duty payable by the Parent Company in case of non-fulfillment of export obligation excluding interest thereon against the import of capital goods made at concessional rate of duty.	35.36**
g)	Demand raised by Income Tax Authorities, being disputed by the Parent Company for A.Y 2013-14	8.93*
h)	Demand raised by Income Tax Authorities, being disputed by the Parent Company for A.Y 2014-15	5.38*
	Total	1,475.31

The Company had obtained a stay of the Himachal Pradesh Government order levying entry tax @ 2% on all goods entering the state with effect from 24th January, 2011. The same has been reduced to 1% w.e.f. July 13,

2011 and again increased to 2% w.e.f. March 01, 2014 and again reduced to 1% from 01 September, 2016. The Hon'ble High Court, Himachal Pradesh while staying the levy in an interim order, directed the Company to deposit 1/3rd of the assessed amount as "deposit" with the state government and furnish a bank guarantee for the balance 2/3rd amount to them. Since the cash payment as per court order is in the nature of deposits, no amount has been expensed off in the financial statements as entry tax. However, the cash (w.e.f. Jan 16 the ratio of deposit & bank guarantee has been changed to 50:50) deposited so far is Rs.437.46 lacs (previous year Rs.343.84 lacs) and bank guarantee furnished is for an amount of Rs.770.57 lacs (previous year Rs. 702.99 lacs).

While Hon'ble Supreme Court has upheld the constitutional validity of Entry Tax in their judgment dated 11th November, 2016, the issue of discrimination under Article 304(a) and scope of local area is left to be determined by respective High Courts. The Company has filed a fresh writ before Hon'ble High Court, Shimla on 7th April, 2017 and got a notice issued that the department will maintain status quo.

* Based on the discussions with the solicitor/ expert opinions taken/status of the case, the management believes that the Parent Company has strong chances of success in above mentioned cases and hence no provision there against is considered necessary at this point in time.

** Based on future sales plan, the management is quite hopeful to meet the obligations by executing the required volume of sales in future.

34. Capitalisation of expenditure

Provident Fund

The provident fund of few employees is being administered by a provident fund trust. The provident fund being administered by this Trust is a defined benefit scheme whereby the Parent Company deposits an amount determined

as a fixed percentage of basic pay to the fund every month. The benefit vests upon commencement of employment. The interest credited to the accounts of the employees is adjusted on an annual basis to conform to the interest rate declared by the government for the Employees Provident Fund. The Guidance Note on implementing AS-15, Employee Benefits (Revised 2005) issued by the Accounting Standard Board (ASB) states that provident funds set up by employers, which requires interest shortfall to be met by the employer, needs to be treated as defined benefit plan. The Actuarial Society of India has issued the final guidance for measurement of provident fund liabilities. The actuary has accordingly provided a valuation and based on the below provided assumptions, there is no shortfall as at 31st March 2017

The principal assumptions used in determining provident fund obligations for the Parent Company's plans are shown below:

	31 March 2017 (%)
