PAT Margin (%)	7.5%	2.6%		7.3%	2.6%	

* Includes Other Income ; On Standalone Basis

Dividend

The Board of Directors have approved Interim Dividend of Rs. 0.90/- per equity share of Rs. 2/- each

Commenting on the Result, Mr. Vijay Shrinivas, CEO , Indag Rubber Limited said,

“The Company has maintained its sales momentum over the past two quarters, continuing its strong performance in H1FY24. Total revenue grew by 8% to Rs. 133 crores on a YoY basis. On the profitability front, EBITDA surged by 1.4 times to Rs. 15.2 crores, while PAT experienced a nearly threefold increase, reaching Rs. 9.7 crores. This increase in profitability is attributed to a combination of volume growth and stable input costs, which stand in stark contrast to the abnormal input costs experienced in the first half of fiscal year 2023.

We hold a strong conviction that the growth path of India will offer us noteworthy opportunities, and we are proactively formulating strategies, while keeping a close watch on the global and domestic market dynamics in order to expedite our progress in the upcoming years.”

THE ONLY ALTERNATE TO NEW TYRES...SINCE 1978

About Indag Rubber Limited

Indag Rubber Limited (IRL) was founded in 1978 by Khemka group. IRL revolutionized the Indian retreading industry with the introduction of its cold retreading technology and came to be known as the pioneer of retreading in India. In the last four and half decades, we have travelled far, growing into a vast family of retread partners serving fleet owners in every nook and corner of the country. We went public and got listed on the Bombay Stock exchange in 1984. IRL has state-of-the-art manufacturing unit established at Nalagarh Industrial Estate in Himachal Pradesh with an Annual Capacity to manufacture 20,000 tons of Precured Tread Rubber (PTR) along with allied items. IRL offers best-in class retreading solutions to fleet owners. Our dedicated focus is on assisting large/mega fleet owners & Small fleet owners in reducing expenses on new tire purchases, while also providing lower tyre CPKM (Cost-per-Km) and contributing to the reduction of carbon footprints, thereby promoting sustainability and circular economy.
